General and Revenue Secretariat | Edn File No 400 of 1913-14

Serial No

1 As directed by the Dewan and following instructions given at personal interviews & discussions, I have prepared a draft order & a set of rules re foreign scholarship. The scheme ~~It~~ differs in some minor respects from the proposals put forward by Mr D_n Narasinga Row & considered in the file.

2 The points of difference are not very material

3 The rules governing the three kinds of scholarships - Damodar Das, Govt & Loan - are brought together, instead of being contained in three appendices It will be seen that this is only a rearrangement which makes for convenience of reference - All the essential conditions suggested by ~~the~~ Mr Narasinga Row & by the 1st member of Council in his notes in the file have been embodied ~~as far~~ as far as possible

4 The number of D-D scholarships is fixed at only two (Europe), the scholarships tenable in Japan etc being omitted.

NOTE—Contn sne t

GPB—60 000—7 11 13

G R S 12]

General and Revenue Secretariat | Edn File No 400 of 1913-14

Serial No

5 As instructed by the Dewan ~~one~~ provision has to be made for one or two 2 scholarships being extended to 3 years & there are likely to be incidental charges such as premium for practical training &c The revenue from the D-D fund which is about 20000 Rs a year can only meet the cost of 2 scholarships & even this perhaps with a little difficulty (vide calculations sent)

6 Under Govt scholarships it is proposed to have 2 Europe & 4 Japan scholarships as against 2 Europe & 3 Japan proposed in the former scheme

7 Under Loan scholarships the new scheme contemplates 4 Europe & 2 Japan scholarships as against only 4 Europe scholarships provided in the former scheme.

8 Of course the numbers can be easily varied.

9 Of the Europe scholarships it is proposed to grant half the number for post graduate scientific study &

NOTE—Contn sheet

G I B—60 000—7 11 13

Serial No

half the number for industrial commercial & technical study of a practical nature

10 The Japan scholarships are meant for the latter kind of training as it is not known whether ~~ex~~ facilities exist in Japan for high postgraduate scientific study to any greater extent than in the West

11 In Mr Narasinga Rao's scheme it was intended to limit the loan scholarships to technical & industrial study, but it seems to me that they may ~~also~~ be given with advantage ~~to~~ for postgraduate study as well

12 In the new scheme it is proposed to treat the cost of equipment as an advance & not as a grant

13 The subjects of study ~~mentio~~ enumerated in Rule IX of the D.D Scholarship Rules have been somewhat revised & enlarged.

14 A new feature is ~~to~~ a proposal to insure the lives of the Scholars. This is explained in para 8 of the draft order & Rule XV of the draft Rules Such an insur

NOTE—Contn sheet

GPB—60 000—7 11 13

Serial No

will protect the financial interest of Govt to a certain extent, if, as has happened in ~~3~~ 4 cases in the past, the scholars die either during the training or soon after their return to India If all goes well it will be an advantage to the scholar to have a life policy taken when he is young & in the best of health. In the case of loan scholarships it will protect the scholar's family to a very appreciable extent

15 Whether the insurance should be effected in the State & I Fund or with private companies is a matter of detail At present the State & I Fund does not issue a whole life policy, which would be the cheapest way to cover the risk If the scholars prefers an Endowment or other kind of insurance & is prepared to pay the increased premium charged, such insurance may be allowed.

16 If the general lines of the scheme are approved the Fe Secy & the Dy Secy may be consulted again

In the case of those who go out to England & good deal would be making a provision to recompense them for loss of prematur death of the scholarship holder or [illegible] his family a provision of the kind to which the premium placed future ourselves well-

Secy

(2) The effect of the proposed post order will be to maintain yearly 35 scholars abroad after 3 years — 20 in the West and 15 in the East - Perhaps as extensions will become a not uncommon feature the number may be somewhat higher - This is on the assumption that the loan scholars will be taken up readily -

(3) I do not exactly understand why provision is made on such a scale for post graduate scientific study and research in foreign countries Fifty rupee scholarships in the Indian Institute of Science or other institutions in India will do if really the spirit of research is present - In many fields, now a days, there are but few kinds of research which cannot be carried on in

Indian institutions - In statement B, I think, for the reasons stated above, the first Scholarship for scientific study, should be expunged and the number available in the East should be reduced from 4 to 2

(26) With this modification the scheme may be sanctioned

27/5/14

BrIV (27) PS As regards the life insurance question, insuring in the State Insurance office is of course no protection to Govt against loss, for the bonus will be payable by Govt themselves Insurance in outside companies is not desirable in Govt interests for there will be no gain in the long run. If it is desired that there insurance should be an additional concession to the scholar the proposal is intelligible but I think such concession is unnecessary

31 The rules in my opinion generally state the purposes for which they are intended I am not sure whether provision is required for 35 scholars annually the number appears to me to be very liberal, but there can be no objection to maintain it if there are Mysoreans, by birth or domicile seeking the scholarships If there are not a sufficient number of such Mysoreans, then the scholarships will be open to outside graduates (including non-graduates of the Intermediate classes or selected candidates, I suppose) of Mysore colleges In the latter case, the superfluity of scholarships is patent and when outside students are not required for service or employment in Mysore,

NOTE—Continued

any expenditure incurred on this account will be a needless burden on the Mysore tax-payer I would therefore say that when no Ground-feed Mysoreans are available the remaining steps will be open to others when the Govt in need the employment of more men It will be in a way an advantage to the Mysore State, if scholarship holders of Mysore settle even outside the State, but there will be no such advantage when scholarships are given to outsiders without any prospect of their services being required or of their settling within the State.

3rd As regards Insurance, I think it may be left out Out of 42 Students within the last 23 years only 4 have died and considering the very careful manner in which selections will be made in the future, the risk will hardly be appreciable.

Sanctions a general scheme about the grant of foreign Scholarships

Do Draft for communicating the orders & Translated Copies thereof

26/10/14

Submitted to His Highness

It is now 8 years since the rules for the grant of Damodar Dass Scholarships were issued and there are at present no definite rules governing the grant of foreign scholarships from State funds though scholarships have been granted hitherto on the merits individual applications

2 With a view to take stock of the progress made and to revise the rules in the light of past experience, I asked Mr D M Narasinga Rao to examine the question and prepare a note under the instructions of the First Member of Council

3 He prepared a scheme and three sets of rules for th grant of Damodar Dass Scholarships State Scholarships and Loan Scholarships under the directions of the First Member These proposals have been carefully examined in consultation with the Inspector General of Education and the Financial Secretary A consolidated set of rules applicable to all the three classes of scholarships has been put up by the Secretary for Education and Agriculture

4 The draft order and rules have been considered more than once in Council and they are of opinion that they may be approved with the omission of the rules relating to insurance of scholarship holders and deputation of officers abroad The last subject is reserved for separate comsideration and a scheme will be submitted for orders in due course

5 The total cost of the scheme will roughly be - Rs 1,11,900 per annum of which a sum of Rs 18,000 will be met out of the interest of the Damodar Dass Fund The amount of the Loan Scholarships costing Rs 51.300 every year will be advanced by Government and ultimately recovered from the scholarship holders, and the balance of R 42,600 being the

cost of the State Sholarships will have to be met from General Revenues

6 On account of its imporatnce the subject has received very thorough consideration and has been under discussion for over sixteen months

7 I now solicit sanction to the draft order and rules as finally approved by the Council

SPM

Mysore Government Technical Scholarships

(Foreign)

Brief explanatory remarks on the draft Scheme

1 The Scheme consists of but five rules, rendering the Damodar Doss Scholarship Rules applicable to these scholarships as well

2 schs 2 Two Post-graduate State Fund Scholarships are provided for (Rules 1 and 2) to make up the inadequacy in the number trained

3 schs 3 The three Under-Graduate scholarships (Rules 3 to 5) are intended to widen the field of applicants for industrial training and to encourage persons having agricultural or industrial interests in the Country

4 Japan is chosen as being cheaper and as having industries[x] of various sorts modelled on western systems

Necessary details are to be furnished, if required Dues 12/5

Dues 12/5/13

Mysore Government Technical Scholarships

(Foreign)

&&&&&&&&&&&&

The Government of His Highness the Maharaja of Mysore are pleased to sanction the following scholarships from State Funds with a view to encourage more largely scientific research and technical Education among the people of Mysore -

Post - Graduate Scholarships

1 Two scholarships known as Mysore Government Post Graduate Research and Technical Education Scholarships will be assigned annually along with similar scholarships granted out of the Damodar Dass Fund

2 The grant, continuance, forfeiture and other features of the scholarship will be regulated by the same conditions as those of the Damodar Dass Post Graduate scholarships, provided that the subject which the scholarship holder shall study must be one or more of the subjects specified

specified in Sub para (3) of Rule of the Damodar Dass Scholarship Rules or such other arts and industries as may be specially prescribed by Government

Under-Graduate Scholarships

3 Three Scholarships tenable in Japan, similar to the Damodar Dass Japan Scholarship, will be granted annually

or in any other country selected by the Mysore Government

4 These will be known as Mysore Government Under-Graduate Technical Scholarships

5 These scholarships will be awarded subject to the terms and conditions specified in the Damodar Dass Scholarship Rules XV to XVII

12/5/13

DRAFT SCHEME FOR LOAN SCHOLARSHIPS

(Foreign)

---o---

Brief Explanatory Remarks —

The draft scheme for Loan Scholarships hereto annexed has the following features

(a) It provides for 6 scholarships yearly at £ 200/- each

(b) It is tenable in Europe or ~~America~~ America, there being a separate scheme for Japan

(c) It is grantable only for the study of hardicrafts and industries

(d) It is open to graduates and non-graduates so as to be comprehensive enough to include all persons having aptitude for handicrafts and industries

(e) The loan is secured by satisfactory security and carries no interest except in case of default

(f) A completed loan is repayable in not more than 10 instalments after the completion of the training, Government reserving the power to fix the precise

precise number of instalments in each case

(g) The scholarship holders are not bound to serve the State, nor is the latter bound to find employment for them

(h) In all other respects the rules substantially follow the Damodar Dass Scholarship Rules -

LOAN SCHOLARSHIPS

Rules for Loan Scholarships

I With a view to encourage and promote knowledge of handicrafts and industries among the people of Mysore, His Highness the Maharaja of Mysore is pleased to sanction the following scholarships -

II The scholarships will be known as the Mysore Government Loan Scholarships for handicrafts and arts

I think 4 scholarships will do annually for the present here

III There will be ordinarily ~~six~~ four scholarships available annually, and each will be tenable for two years, or such other period as may be fixed by the Mysore Government, with reference to the subject selected The holder of the Scholarship shall study in such Institution in Europe or America as shall be decided from time to time by the Mysore Government

IV. No candidate should be over 25 years of age It will, however, be open to Government to relax the age limit in special cases

The Scholarships shall be open to all natives of Mysore by birth or domicile, having agricultural or other industrial interests in Mysore

"I. Each candidate must forward with his application -

(i) A satisfactory certificate of birth or domicile

(ii) A declaration that he has the consent of the head of his family to proceed to England or elsewhere, for the purpose of this scholarship

(iii) Certificates of good character from two persons (not relations of the candidate) of respectability and good position in addition to the one from the Head of the College or Institution where he was educated

(iv) A certificate of physical fitness to undergo the course of study which he will have to follow in England or elsewher signed by the Senior Surgeon of the Government of Mysore, or a medical officer not

below

below the rank of a District Civil Surgeon

(v) A statement of the course of study whi[c]h which he desires to pursue, with testimonials as to his educational qualification for such a course

+ the prospects of his making practical use of his training

VII Applications shall be addressed to the Secretary to the Government of Mysore in the General and Revenue Departments, and the selection of candidates will be made by the Government after such enquiry as may be deemed fit

VIII Each candidate selected will be given travelling allowance, 2nd Class rail and steamer fares to England or elsewhere from Bangalore, and a similar allowance for travelling expenses back to Bangalore on the completion of his course of study or research He will further be allowed, during his stay in Europe or America a sum of £ 200/- per annum payable in such instalments as may be fixed by Government this allowance being inclusive of Colle/

and Examination fees, cost of books, instruments and boarding charges (~~in~~ for an outfit allowance of £ 25 will be separately given at these amounts will be treated as loan, recoverable under Rule XIII

IX Each candidate selected, unless otherwise directed by Government shall, within such period as may be fixed by Government proceed to the place prescribed, and on arrival there present himself before Messrs Coutts & Co , Strand, London or any other person or persons named by Government, who will pay him the amount of the Scholarship for the first quarter He shall then without unnecessary delay proceed to and join the Institution selected or approved by Government for the purpose and there continue his study with all due deligence

X The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research as certified in a half-

yearly

yearly report to be sent to Government by the Head of the Institution he attends The Scholarship will be liable to be stopped on the recommendation of the Educationa[1] Adviser to Indian Students in England

XI The amount already paid shall become recoverable at once with interest at 4 per cent from the date of each advance, if the holder thereof not being disabled by illness or prevented by any other cause which the Government may consider sufficient fail to complete the course of study prescribed or is unfavourably reported on by the Head of the Institution

XII A candidate selected shall, before proceeding to Europe or America, enter into a bond with the Mysore Government giving satisfactory security for the advances payab to him without interest and stipulating that he accepts the scholarhsip on the conditions specified in these rules and that he will prosecute the study with all due diligence

XIII

XIII The loan shall become repayable in not more than ten yearly instalments after the completion of the training for which the loan was made, the further particulars of repayment being settled by Government in each case on its merits

XIV No candidate will be bound to serve the State after training , and Government will not undertake to any find employment for him in the State on his return

I think the rule may remain as it makes matters clear for the second clause I would substitute - "nor will there be any obligation on the part of Govt to find employment in the State for any such candidate on his return"

Dunn 12/5

I

DAMODAR DOSS Scholarship Scheme

(Foreign)

Brief Explanatory Remarks thereon

(a) Rules I to VI, X & XI are unchanged -

(b) Rule VII is amended in the following particulars -

(i) A competative test is made compulsory instead of discretionary so as to keep out all influences other than talent and to afford fair chance to the poor (Clause b)

(ii) Tuition allowance during probation is provided for so that a candidate selected may be enabled to pick up some knowledge of German, French and Japanese languages, for instance (Clause b)

(iii) Acquisition of such knowledge is necessary if the exceptionally rapid progress of science and arts in countries other than England & America is to be well utilized Hence clause (c)

(c) Rule VIII is amended in the following particulars -

As it stood, it left undefined , the number of scholarships available in Japan and Irdia Hence the last portion is omitted, Rules XV to XVII being provided therefor

(d) Rule IX is altered thus -

(i) A proviso is added reserving one of the two scholarships every year for Arts & Indu tries, whose study has been comparatively neglected

(ii) In the existing proviso, the word "higher" is omitted as no general standard f for comparison has been fixed and the expression "and arts" is inserted to make the provision more comprehensive
(ii) Commercial Subjects are added

(e) Rule XII is modified as follows -

(i) The expression " and the funds already received shall be refunded" is added to make the penalty for default complete and to minimise the loss to Government

Selection
marginal

(ii) At the end " or the Educational Advisor in England as the case may be" is added to render the provision exhaustive

(f) Rule XIII is changed thus -

(i) At present, a scholarship student's future is uncertain He is bound to serve the State, if called upon to do so but no time is fixed for doing so Tne term of 3 months after his return is now inserted wit within which Government ought to tell him definitely whether his services are needed or not

Note As a rule every trained candidate must be used for two years at least. If no regular appoirtment can be found, he may be employed in suitably training the people as is done in Japan

(ii) The term of 5 years is too long as th the candidate may be nearly 30 years or eve even more by then and will in all probabili ty find it difficult to secure employment

Service
employ
employment

the Condition that
than is furnished
here. Three months
is not sufficient
and employments
not so easily to
as to make longer
injure him. Probably
the Lender will
to wait longer before
suitable chances are
offered to him so
been to buy on
fixed, but of Corn

claim earlier. A
period of 5 years is
not at all too long
with high expectations
reasonable
with
chance of getting
better terms. Cattle
e.g. the case of
Mr Jones with Sir
Kerr for

elsewhere, if need be Hence it is reduced to 2 years , bur Government will have power to increase the term if necessary as the expression used as " not less than"

(iii) The remuneration payable during the two years, if his services are required, is fixed at the value of the scholarship itself The candidate will thus know before hand what to expect and thus unreasonable ambition will be prevented. The amount is liberal, considering the cheaper cost of living in Mysore

(iv) In case of default, the sum advanced as scholarship is made repayable with interest at 6 per cent per year, with a view to further discourage defaults

(g) Rule XIV is subjected to only one change Three months' notice was probably required when applications for scholarships were invited from all India One month's notice is enough as the rules now stand (vide Rule V)

(h) Rules XV to XVII are new -

(i) After meeting the cost of the two scholarships, there will be an annual saving of about £ 303 which may be utilized as proposed (Vide calculation in appendix)

(ii) Under-graduate scholarships are needed to provide for aptitude for industries

to be often found outside the limited circle of graduates

(iii) These two scholarships are therefore limited to handicrafts and industries

GENERAL REMARKS.

(1) A standing Committee should be appointed to work the Scholarship Scheme

(2) It should be composed of five or six technical experts, the General and Revenue Secretary, Inspector General of Education, Director of Industries and Commerce, &c ,

(3) A scheme of competative test for candidates should be drawn up by such Committee for the orders of Government.

(4) The Committee should conduct the test and do all that it is necessary until orders of Government are obtained on the selection of candidates

Draw
12/5/13

Damodar Dass Scholarships

(Foreign)

The Government of His Highness the Maharaja of Mysore are pleased to sanction the following revised rules for regulating the grant of scholarships for Scientific Research and Technical Education from the Damodar Dass Charities Fund, in supersession of the existing rules -

Rules

I With a view to encourage and promote Scientific Research and Technical Education among the people of Mysore, His Highness the Maharaja of Mysore has been pleased to sanction the following scholarships, which shall be paid from fourth-fifths of the annual proceeds of the Damodar Dass Charities Fund

II The Scholarship will be known as the Mysore Government Damodar Dass Scientific Research and Technical Education Scholarships

III

III There will ordinarily be two Scholarships assigned annually, and each will be tenable for two years, or such other period as may be fixed by the Mysore Government with reference to the subject of research or of education selected, and the holder of the Scholarship shall study in such University or College or Institution in England or elsewhere as shall be decided from time to time by the Mysore Government

IV A Candidate for one of the Scholarships must not be over twenty-five years of age It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career and who show very special aptitude for the higher branches of Scientific and technical study

V The scholarships shall be open to all

all natives of Mysore by birth or domicile, who have taken with credit a degree in Arts Medicine or Engineering in an Indian or other recognised University [and to persons who have graduated from a Mysore College,] provided that when the Government consider it necessary in the interests of the public service, they may also throw open the scholarships in any year to Graduates not falling within the description given above In the case of graduates in Arts, their optional subject should have been Physics, Chemestry, or Natural Science or other subject having an intimate connection with the course of advanced study proposed to be pursued

VI Each candidate must forward with his application -

(i) A satisfactory certificate of birth or domicile

(ii) A declaration that he has the consent of the head of his family to proceed to England, or elsewhere, for the purpose of this scholarship

This may be omitted or may be amended as follows: "And when such qualified candidates who are natives of Mysore are not available, then to those who have graduated from a Mysore College". (done)

If the clause is omitted such graduates will be in under the 1st next following exception.

I think the clause may be omitted as under the following exception, discretion rests in Govt in these

(iii) Certificates of good character from two persons (not relations of the candidate) of respectability and good position, in addition to the one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering

(iv) A certificate of physical fitness to undergo the course of study or research which he will have to follow in England or elsewhere, signed by the Senior Surgeon of the Government of Mysore or a Medical officer not below the rank of a District (Civil) Surgeon

(v) A statement of the course of study or research which he desires to pursue, with testimonials as to his educational qualifications for such course

VII (a) Applications shall be addressed to the Secretary to the Government of Mysore in the Ex A General and Revenue Departments and the selection of candidates will be made by the Government after the receipt of a report from a Committee appointed by the Government to report on the merits of the candidates

(b)

(b) The candidates shall be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test which the Committee shall prescribe under the general or special orders of Government A suitable subsistence allowance will be granted during such period of probation as may be fixed by Government in addition to any tuition allowance that may be necessary

(c) When a Country where the spoken language is other than English is chosen for training, the candidates concerned must acquire some knowledge of the foreign language concerned during the period of probation

VIII Each candidate selected will be given travelling allowance, 2nd class rail and steamer fares to England or elsewhere from Bangalore, and a similar allowance for travelling expenses back to Bangalore on the completion of his course of study or research He will further be allowed, during his stay in England or

elsewhere

elsewhere outside India, a sum of £200 per annum payable in such instalments as may be recommended by the Inspector General of Education so as not to exceed the amount given for the year, this allowance to be inclusive of College and Examination fees, cost of books, instruments and boarding charges ~~Rs~~ A separate outfit also allowance of £25 will be given

IX The subjects which the scholarship holder shall study will be one or more of the following -

(1) Chemistry

(2) Physics

(3) Applications of Chemistry or Physics to Agriculture and to the various arts, and industries likely to be of greatest benefit to the Mysore Country such as dyeing, the extraction, purification and testing of sandal and other indigenous oils, soap and candle-making, glass making, paper making, match - making, photo mechanical printing sugar-refining, tanning, textile industries, and Commercial Subjects

Cannot Commercial Subject be better defined by saying something in front ? as follows Economics of Industry, Banking and such other Commercial subjects ? Commercial courses as generally prescribed by the Faculty of Commerce in English and other Universities

(4) Medical research specially in Hygiene and Bacteriology

(5) Mechanical Engineering

(6) Mining and Metallurgy, including electro-metallurgy

(7) Electrical Engineering

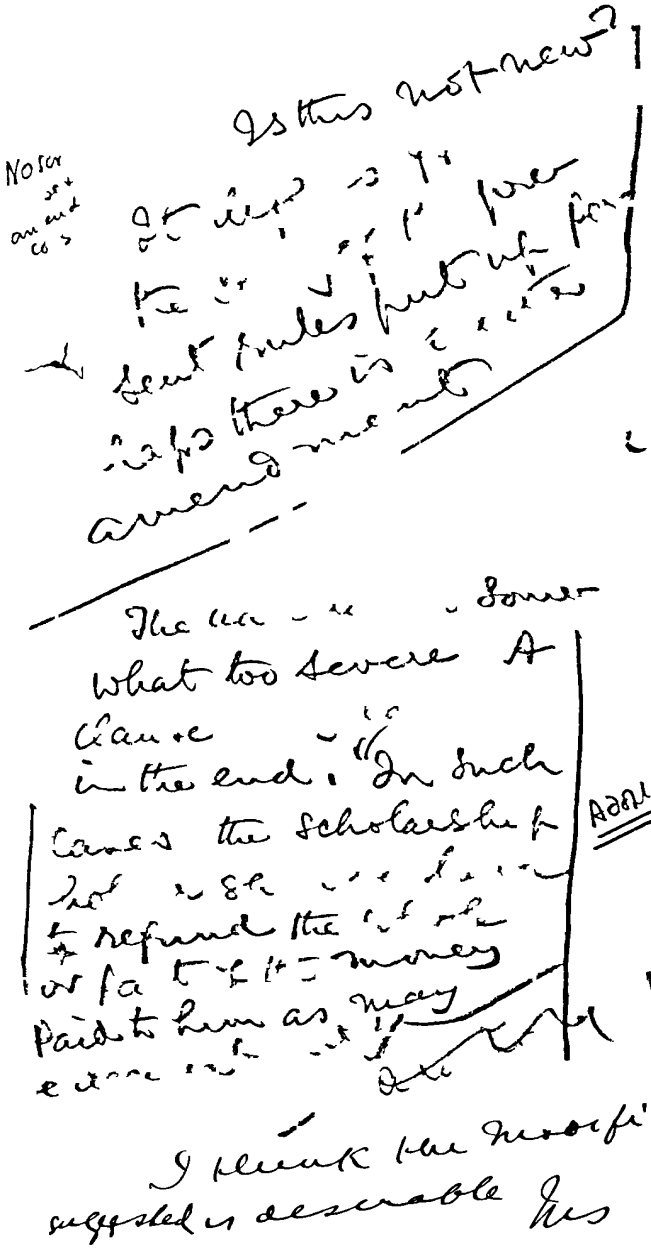
Provided that at least one scholarship is reserved every year for any one or more of the subjects specified in Sub para (3) Provided further that Government may, in special cases, grant scholarships out of the fund for the encouragement of study in Sciences and arts other than those specified above

X Each candidate selected, unless otherwise directed by Government, shall, within such period as may be fixed by Government, proceed to England or elsewhere , and on arrival there present himself before Messrs Coutts and Co,,Strand, London, or any other person or persons named by Government who will pay him the amount of scholarship for the first quarter He shall then without unnecessary delay proceed to and join the Institution selected or approved by Government for the

for the purpose and there continue his study or research will all due diligence

XI The continuance of the Scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research and the scholarship will be liable to be stopped on the recommendation of the Educational Advisor for Indian Students in England

XII The scholarship will be forfeited and the funds already received shall be refunded if the holder thereof not being disabled by illness or prevented by any other cause which the Government may consider sufficient, fail to complete the course of study or research prescribed or is unfavourably reported on by the Head of the Institution or the Educational Advisor in England as the case may be



XIII A candidate selected shall before proceeding to England or elsewhere enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules, that he will prosecute the study or research with all due diligence, and that, on completion of such study or research course, he shall return to Mysore and, shall, serve the Mysore Government for a period of not less than two years on a remuneration not exceeding the value of the scholarship itself. If he fails to fulfil any of these conditions, he shall return to the Government the total amount received by him for passage money and such amount scholarship with interest at 6 per cent per year on the amounts granted to him from time to time

XIV The date within which applications shall be submitted and the subject

or

or subjects of study and research selected annually by Government shall be notified in the Mysore Government Gazette not less than one month previously

Under - Graduate Scholarships

XV Subject generally to the terms specified above one scholarship tenable in Japan at Rs 100 per mensem and one in India at Rs 50/- per mensem will also be made available every year from the Damodar Dass Fund These scholarships will be called the Mysore Government Damodar Dass Under Graduate technical scholarships

XVI The subjects of study shall be such handicraft or industries, as may, from time to time, be notified by Government, while publishing the Notice inviting applications for scholarships

XVII In the case of students going to Japan an outfit allowance of £15 will also be given

General Note on Scholarship Scheme

&&&&&&&&&&&&

A The drawbacks of the system hitherto pursued in the grant of foreign scholarships are as follow, as deduced from the two annexed statements A and B

(i) The inadequacy in the number trained

(ii) The selection of untrained men for professional or technical courses as Scholarship holders

(iii) The limit of scholarships to but a few subjects as compared with the needs of Mysore

(iv) The prescription of study of such subjects as are not comparatively of much use in Mysore such as Mining and Metallurgy Sanscrit Law etc ,

(v) The subordination of considerations of good physique to that of influence (Two scholarship holders died of consumption)

(vi) The choice of candidates too often based on family considerations, excluding better talent (The statements give far too many examples)

(vii) The omission to fix before hand the future of a candidate as scholarship holder

(viii) The grant of salaries to a few scholarship holders far in excess of those given for actual good service rendered by others in the Public service of the Country

(ix) The want of a test for assuring the possession of originality, initiative or natural aptitude on the part of candidates for scholarships

(x) The failure to insist upon display of originality or initiative on the part of scholarship holders after their return from training

(xi) Undue limitation of training ground to special foreign countries such as England and exceptionally America , France, Germany and Japan are comparatively eschewed

(xii) Want of an alternative system for the granting of scholarships , less burdensome to Govt than that of free gift of funds

B Four kinds of scholarships are proposed in the annexed draft Schemes Viz

	Per ye
I Damodar Dass Post Graduate (a) Scholarships (b) Damodar Dass Under Graduate Scholarships	2
	2
II Mysore Government Post Graduate (a) Scholarships (b) --do-- Under Graduate Scholarships	2
	3
III Loan scholarships (Graduate or Under Graduate)	6
IV Official study scholarships	3
Total per year	18

C The financial results are shown in the Statement C annexed hereto -

D Brief explanatory remarks are noted on each of the four draft schemes

Draft approved as Circular

vernment of His Highness the Maharaja of

M Y S O R E

O r d e r .

1 For sometime past the Government of His Highness the Maharaja of Mysore have had under their consideration the question of improving the ~~system in vogue regarding the grant of~~ scheme under which scholarships tenable in foreign countries are being granted so as to meet the requirements of the present time and ~~[illegible]~~ of the immediate future The existing rules for the Damodar Doss Scientific Research and Technical Education scholarships framed in 1906 provide for the grant of only two such scholarships every year from the Damodar Doss Fund. There are no rules regulating the grant of foreign scholarships from State Funds though several such scholarships have been granted on the merits of individual applications received from time to time

2 Taking a retrospect of what has been done till now to afford foreign training to the young man of Mysore, it is seen that, from 1891 up to the present, 24 persons have been given State scholarships and since

since the inception of the Damodar Doss scholarship Scheme in 1904, 18 scholars have been trained.

Analysing the figures it is found that 15 scholars ~~went for training~~ proceeded to Europe & America for advanced study in medical and sanitary science, 6 in Geology, mining and metallurgy, 4 in Electrical and Mechanical Engineering and Architecture, 7 in Forestry and Agriculture, 2 to study the art of printing, and the rest other subject

Of the Scholars 20 are now in the service of the State, 10 are still in Europe, 4 died and full particulars of 4 are not known. One is serving outside Mysore and 3 are not in service.

3.) ~~In the opinion of Government, there is~~ To attain these objects it is necessary ~~need~~ to increase the number of foreign scholarships ~~so as to suit the present need of~~ the country ~~Mysore~~, to enlarge the range of subjects for training so as to comprise industrial & commercial subjects more largely; to improve the method of selecting candidates in order to ensure the securing the best talent in a given time, and to make a suitable provision for facili-

to secure for the service of the State in its several depts young men trained in European universities with the proficiency & knowledge of modern methods of Research & acquainted with the latest kind of

In the opinion of Govt, the object of the scheme of foreign training in the present condition of affairs should be to promote higher scientific study, technical training & a spirit of research among the people of the State, to train in European countries a number of young men who will follow industrial, commercial & agricultural occupations which will conduce to the development of the country and also

facilitating deputation to countries where English is not the spoken language ~~It is also necessary to devise a scheme for awarding scholarships to persons possessing a special aptitude for handicrafts and industries or commerce and desiring to undergo training therein.~~ It is also necessary that officers in the State service should be encouraged to travel to foreign countries and study various aspects of administrative, social, commercial and industrial life, organisation and methods.

4. ~~With a view to secure these objects,~~ the Government of His Highness the Maharaja of Mysore have therefore slightly revised the Damodar Doss Scholarship rules and have ~~also~~ decided to institute a certain number of ~~some~~ State and Loan Scholarships & have also ~~subject to certain conditions.~~

5. The scholarships will be of two kinds:-

(1) Scholarships for post graduate study and research.

(2) Scholarships for Commercial, Industrial and Technical training.

For the first kind of scholarships only graduates of a University will ordinarily be chosen. For the second kind of scholarships

the scholars need not necessarily be graduat
but they should have received a fair amoupt
general education and should have had practi
experience of the art or industry which they
propose to study. An applicant who has not
had such practical experience should be pre-
pared to undergo practical training in a sui-
table place in India for such time as Govern-
ment may consider necessary. He may be paid
small subsistence allowance during the cours
of such training.

6. The subjects which the Scholarship holde
shall study, will be one or more of the fol-
lowing:-

(1) Physical Sciences
(2) Natural Sciences
(3) Applications of science to Agricultur
arts, industries and manufactures
(4) Research work in applied science
(5) Medicine, Public Health and Bacteriol
(6) Engineering- Civil, Mechanical and Electrical gy
(7) Mining and Metallurgy including Electr Metallurgy
(8) Economics, Statistics, Banking, Com-
merce, Accountancy, Business Adminis-
tration
(9) Arts, Industries and processes of
manufacture.

Government may, however, in special cases, grant scholarships for the encouragement of - - higher study in branches of learning other than those specified above.

7. The Scholarships tenable in Europe and America will be of the value of £ 200/- each and those tenable in the East will be of the value of £ 100/- per mensem or £ 80/- per year. The scholarships will be ordinarily given for a period of 2 years. Government will however be prepared to extend the term by one year when necessary in respect of not more than half the number of - - scholarships.

In addition to the scholarship the scholar will receive 2nd class passage by rail and steamer from Bangalore to the place selected for his study.

Where any premium or other payment has to be made for admission to a factory or other place for practical training in industries or crafts Government will bear such charges. if they are Subject that they are necessary

Where necessary an advance not exceeding £ 25 in the case of those proceeding to Europe and £ 15 in the case of those proceeding to Japan will be given for outfit and this will be recover value towards

recovered from the scholarship by instalments.

5. Before leaving Bangalore each scholar will be required to insure his life either in the - - State Life Insurance Fund or with a company approved by Government for a sum of £ 500/- payable on the death of the assured This policy should be assigned to the Government, and, during the continuance of the scholarship and for not more than three years after the return of the scholar to India, Government will pay the premiums on the policy and keep it alive In case the scholar dies before returning to India or within 3 years of such return, Government will be entitled to receive the amount assured and reimburse themselves of all sums paid to the scholar for scholarship, passage money, premia on the policy &c. Any - - balance if left over will be paid to the heirs of the scholar.

If the Scholar returns to India and survives 3 years, he will have the option of taking over the policy, repaying to Government the sums paid in respect of the premia on the policy. If he do not wish to exercise this option Government may either surrender the policy and credit the surrender value towards the they have advanced

or take a paid up policy on the life to be realised after the death of the assured or may -- otherwise dispose of the policy.

8 ~~9~~. The Scheme of State Scholarships will prpvid for the grant of 2 scholarships tenable in Europe and America, one for post graduate study and one for industrial training, and 3 scholarships tenable in Eastern countries

7 ~~10~~ Under the Scheme of Loan Scholarships, 4 scholarships tenable in Europe and America and 3 tenable in Japan and the Far East will be granted every year on loans carrying no interest -- and repayable in instalments after the return of the scholarship Holder to India.

~~10~~ ~~11~~. The detailed rules ~~Governing for the grant of the scholarships~~ are printed as an annexure ~~foreign scholarships under the three schemes --~~ to this order ~~referred to~~ are given in the annexure A.

5 ~~11~~ ~~12~~. The cost on account of the 14 scholarships will amount to Rs ~~1,00,000~~ 1,12,000 per annum as per details given in Appendix B attached to these proceedings The cost of the Damodar Doss Scholarships, viz. about Rs ~~20,000~~ 18,000 per annum will be wholly met from the annual interest realised from the Damodar Doss Charity Fund invested in the Government of

India Securities. ~~The cost on account of the State and Loan Scholarships amounting to nearly £ 40,000 and £ 42,600 and £ 50,000 per annum respectively will be provided, the former in the State Fund Budget and the latter in the Ways and means Budget from 1914-15 onwards.~~ The actual final charge will be 12 with Rs 42,600

13. In addition to these scholarships Government consider it desirable that 2 officers of Government should constantly be sent on deputation to foreign countries to study various questions bearing on the administration of the several departments of the State The period of deputation will ordinarily be 6 to 9 months and the officers deputed will usually be allowed to draw their full pay and their passage to and from the country to which they proceed, as well as a daily allowance not exceeding £ 1 a day.

The Loan Scholarships will cost Rs 5,300 every year, which will be advanced by Govt. but will be finally recovered from the Scholars.

The state scholarships will involve an expenditure of Rs 42,600 per annum, provision for which will be made in the State Budget.

FOREIGN SCHOLARSHIP RULES

-----ooOoo-----

I. ~~With a view to encourage and promote Scientific Research and Technical education among the people of Mysore,~~ the Government of His Highness the Maharaja of Mysore have been pleased to institute the following scholarships

II. The scholarships ~~will be known as~~ will be known as - the Mysore Foreign Scholarships for ~~Study,~~ Foreign scholarship for Scientific Research and ~~Technical education and~~ will be ~~not from~~ awarded but granted from the following sources:--

1. Two known as Damodar Das Scholarships from four-fifths of the annual proceeds of the Damodar Das charities fund,

2. ~~Six~~ Four known as Mysore Government Scholarships from the General Revenues of the State,

3. ~~Six~~ Five known as Mysore Government Loan Scholarships from loans granted from the General Revenues of the State.

III Eight of the scholarships will be given for study in the countries of Europe and America ~~and six for study~~ in Japan and other Eastern countries, In the latter case 2 Scholarships will be awarded in lieu of every one Schp. tenable in Europe America

Of the 8 scholarships tenable in Europe and America, four will be given for post-graduate Scientific study and research and four will be given for technical, industrial or commercial training of a practical nature.

The others, three will be given for study in Europe & America or The other three Schps. tenable in Europe or America or in lieu thereof ~~five~~ six scholarships tenable in Eastern

countries will ordinarily be given for practical training in technical, industrial and commercial subjects, but may, in special cases, be given for post graduate study and research.

IV. The scholarships will ordinarily be tenable for 2 years, but Government will be prepared to extend the term by one year in the case of half the number of scholarships, where such extension is necessary

V. Candidates for the scholar hips must not ordinarily be over 25 years of age It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career and who show very marked aptitude for the higher branches of scientific and technical study, and in the case of candidates who have been engaged in Industries or Commerce and who desire to pursue industrial or commercial training in foreign countries.

VI. The scholarships ~~shall~~ will be open to all natives of Mysore by birth or domicile. Where well qualified candidates who are natives of Mysore are not available, the scholarships will be open to others who have graduated from a Mysore College. ~~Whenever Government consider it necessary in the public interest, they may also throw open the scholarships in any year to persons not falling within the description given above.~~ The scholarships for postgraduate scientific study and research shall be awarded only to candidates who have taken with credit a degree in Arts, Medicine or Engineering in

an Indian or other recognised University. The subject of advanced study proposed should have an intimate connection with the course of study the candidate has already pursued.

In the case of scholarships for technical, industrial or commercial training, applicants need not necessarily be graduates of a University, but a candidate will be expected to have received a sufficient general education to enable him to pursue his studies with advantage. Such candidates should have had practical experience of the Industries etc ', which they desire to study, or in the absence of such previous experience should be prepared to undergo such preliminary practical training as Government may prescribe.

VII.' Each candidate must' forward with his application

(1) a satisfactory certificate of birth or domicile,

(2) a declaration that he has the consent of the Head of ~~the~~ his family to proceed to Europe or elsewhere for the purpose of the scholarship,

(3) certificates of good character from two persons (not relatives of the ' candidate) of respectability and good position, in addition to one from the Head of the College where he was 'educated for the Degree in Arts, Medicine or Engineering;

(4) a certificate of physical fitness to undergo the course of study, research or training which he will have to follow,' signed by the 'Senior Surgeon of

of the Government of Mysore or a Medical Officer not below the rank of a District Surgeon,

(b) a statement of the course of study or research which he desires to pursue, with testimonials as to his educational and other qualifications for such course.

VIII. (a) Applications for scholarships shall be ~~addressed~~ made to the ~~Secretary to the Government of Mysore for Education and Agriculture~~ Inspector General of Education in Mysore. The selection of candidates will ordinarily be made by Govt on the report of a Committee appointed ~~by the Government~~ by Govt to report on the merits of the candidates.

between the 1st June & the 31st July of each year.

(b) The candidates shall be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test which the Committee shall prescribe under the general or special orders of Government. In special cases the candidate may be required to undergo a period of probation and preliminary training in India. During such period he shall receive such subsistence and tuition allowances as Government may prescribe.

(c) Candidates for scholarships in Europe and America shall be expected to acquire a working knowledge of German or French, and scholarships going to the far East a knowledge of Japanese during the period of probation, if facilities for such study can be secured

IX. The scholarships for study in Europe and America will be of the value of £200/- per annum and those for study in the East of the value of Rs.1500/- or 100£ per annum.

The scholarship will be paid in advance quarterly or in such other instalments as may be considered necessary by the Inspector-General of Education The scholarship will be held to cover all college and examination fees, cost of books, instruments and boarding charges

An advance not exceeding £ 25/- in the case of scholars proceeding to Europe and America and not exceeding £ 15/- in the case of scholars proceeding to the East, will be given for expenses of outfit when the scholar leaves Bangalore, and this will be recovered out of the scholarship in easy instalments spread over the whole term of the scholarship

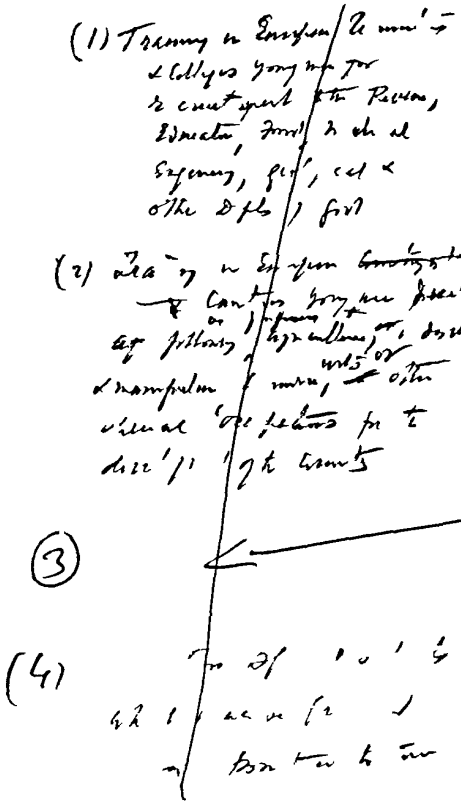
Besides the scholarship each scholar will be given travelling allowance, 2nd class rail and steamer fares from Bangalore to the capital or other town of the country selected for his training and a similar allowance for travelling expenses back to Bangalore on the completion of his course of study or research.

Where any premium or other payment is required for securing admission to a factory or other place for practical training in industries or crafts ~~Government will bear such charges~~ such charges will be paid if considered reasonable (No amount should exceed Rupees 400 per annum)

X. The subjects which the scholar shall study will be one or more of the following:--

(1)

† Provided that previous approval of Govt has been taken in each case In the case of loan scholarships the above will be treated as an advance and will be recovered from the scholarship



~~(1) Physical Sciences;~~

~~(2) Natural Sciences~~

~~(3) Applications of Science to Agriculture, Arts, Industries and Manufactures;~~

~~(4) Research work in applied science,~~

✓ (5) Medicine, Public Health and Bacteriology,

✓ (6) Engineering- Civil, Mechanical, Electrical, ~~etc.~~

✓ (7) ~~Mining and~~ Metallurgy including Electro- metallurgy,

✓ (8) Economics, Statistics, Banking, Commerce, Accountancy, Business Administration, &c;

✓ (9) Arts, Industries and processes of manufacture ~~including~~ Textile Industries, Technical Chemistry & Dyeing, Leather industries

Provided that Government may, in special cases, grant scholarships for the encouragement of higher study in Sciences, Arts and ~~Industries~~ other than those specified above.

XI. Each candidate selected, unless otherwise directed by Government, shall, within such period, as may be fixed by Government, proceed to the country selected for his training, join the institution selected or approved by Government for the purpose and there continue his study or research with all due diligence .

The Inspector-General of Education will in consultation with the Comptroller, arrange for the payment to the scholar from time to time of the scholarship and of any other sums that may become payable.

XII. The continuance of the scholarship to the holder will be strictly dependent on good - -

conduct and will be conditional on satisfactory progress being made in his study or research.

The scholars will be subject to the supervision of the Educational Advisor for Indian students in England or other person who may be approved by Government in each case.

XIII. The scholarship will be forfeited if the holder thereof not being disabled by illness or prevented by any other cause which the Government may consider sufficient, fail to complete the course of study or research prescribed or is unfavourably reported on by the Head of the Institution or the supervising authority referred to in Rule XII. In such cases the scholar shall be liable to refund the whole or part of the money paid to him as may be decided by Government.

XIV. A scholar shall before leaving Bangalore enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules, that he will prosecute the study or research with all due diligence; and that on the completion of such study or research course, he will return to Mysore and will, if called upon to do so serve the Mysore Government for a period of not less than 5 years on a reasonable salary to be fixed at the sole discretion of Government, provided that Government may waive such a claim and if it shall not offer him employment within six months after his return to Bangalore, it shall be bound to waive it and allow him to get employment elsewhere.

If

If he fails to fulfil any of these conditions, he shall refund to Government the total amount received by him for scholarship, passage money, etc , with such interest as may be demanded not exceeding 5% per annum on the amounts paid to him from time to time.

XV Before leaving Bangalore each scholar will be required to insure his life either in the 'State Life' Insurance Fund or with a Company approved by Government for a sum not exceeding £ 500/- payable on the death of the assured This policy shall be assigned to the Government and during the continuance of the scholarship and for not more than 3 years after the return of the scholar to India, Government will pay the premium on the policy and keep it alive. In case the scholar dies before returning to India or within 3 years of such return, Government will be entitled to receive the u sum assured and reimburse themselves of all sums paid to the scholar for scholarship, passage money, premia on the policy etc . Any balance if left over will be paid to the heirs of the scholar.

If the scholar returns to India and survives 3 years, he will have the option of taking over the policy repaying to Government the sum paid in respect of the premia on the policy. If he does not wish to exercise this option the Government may either surrender the policy and credit the surrender value towards the premia they have advanced or take a paid up policy on the life to be realised after the death of the assured or may otherwise dispose of the policy.

~~XV~~ In the case of loan scholarships, the scholar shall, in addition to the above stipulations before leaving Bangalore, enter into a bond with the Government giving satisfactory security for the repayment of the advance payable to him but without interest.

The loan shall become repayable without interest ~~in~~ not more than 10 yearly instalments after the completion of the training for which the loan was made, the further particulars of repayment being fixed by Government in each case according to circumstances.

ordinarily in 5 & in any case

~~Till the whole loan is discharged, the life insurance policy referred to in Rule X supra shall continue to be additional security for the due discharge of the loan~~

~~XVI. The date within which applications shall be submitted and the subject or subjects of study and research, if any, specially selected by Government for the year shall be notified in the Mysore Government Gazette not less than one month previously.~~ Applications for Scholarships shall be made between the 1st June & 31st July of each year

GENERAL

~~No 7040—Edn 3000-09-1, dated 28th February 1910~~

The Government of His Highness the Maharaja of Mysore are pleased to sanction the following revised rules for regulating the grant of scholarships for Scientific Research and Technical Education from the Damodar Dass Charities Fund in supersession of the existing rules ~~issued under Government Notification No 3429—Edn 22-06-47 dated the 10th December 1907~~:—

Rules

I With a view to encourage and promote Scientific Research and Technical Education among the people of Mysore His Highness the Maharaja of Mysore has been pleased to sanction the following scholarships which shall be paid from four fifths of the annual proceeds of the Damodar Dass Charities Fund

II The scholarships will be known as the Mysore Government Damodar Dass Scientific Research and Technical Education Scholarships

III There will (ordinarily) two scholarships assigned annually and each will be tenable for two years or such other period as may be fixed by the Mysore Government, with reference to the subject of research or of education selected and the holder of the scholarship shall study in such University or College or Institution in England or elsewhere as shall be decided from time to time by the Mysore Government

IV A candidate for one of the scholarships must not be over twenty five years of age It will however be open to Government to relax the age limit in special cases such as in the case of candidates who have specially distinguished themselves in their University career and who show very special aptitude for the higher branches of scientific and technical study

V The scholarships shall be open to all natives of Mysore by birth or domicile who have taken with credit a degree in Arts Medicine or Engineering in an Indian or other recognised University ~~and to persons who have graduated from a Mysore College~~ provided that when the Government consider it necessary in the interests of the public service they may also throw open the scholarships in any year to Graduates not falling within the description given above In the case of Graduates in Arts their optional subject should have been Physics Chemistry or Natural Science or other subject having an intimate connection with the course of advanced study proposed to be pursued

and to those well qualified candidates who are natives of Mysore and are not as above but to others who have graduated from a Mysore College

VI Each candidate must forward with his application—

(i) A satisfactory certificate of birth or domicile

(ii) A declaration that he has the consent of the head of his family to proceed to England or elsewhere for the purpose of this scholarship

(iii) Certificates of good character from two persons (not relations of the candidate) of respectability and good position in addition to the one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering

(iv) A certificate of physical fitness to undergo the course of study or research which he will have to follow in England or elsewhere signed by the Senior Surgeon of the Government of Mysore or a Medical Officer not below the rank of a District Civil Surgeon

(v) A statement of the course of study or research which he desires to pursue with testimonials as to his educational qualifications for such course

VII (a) Applications shall be addressed to the Secretary to the Government of Mysore in the General and Revenue Departments and the selection of candidates will be made by the Government after the receipt of a report from a Committee appointed by the Government to report on the merits of the candidates

(b) The candidates may shall be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test ~~or period of probation~~ which the Committee may shall prescribe A suitable subsistence allowance will be granted during such period of probation as may be fixed by Govt in addition to any tuition allowance that may be necessary

VIII Each candidate selected will be given travelling allowance 2nd class rail and steamer fares to England or elsewhere from Bangalore and a similar allowance for travelling expenses back to Bangalore on the completion of his course of study or research He will further be allowed during his stay in England or elsewhere outside India a sum of £200 per annum, payable ~~quarterly in advance~~ this allowance to be inclusive of College and Examination fees cost of books instruments and boarding charges ~~If the institution selected by Government for the prosecution by the candidate of his study or research is in India or in Japan the allowance will be Rs 100 per mensem, and if in India it shall be Rs 60 per mensem~~ In the case of candidates selected for study in institutions outside India an outfit allowance of £ 20 will also be given

Paid a separate outfit allowance of £ will be given

in such instalments as may be recommended by the D of Edn so as not to exceed the amount given for the year

IX The subjects which the scholarship holder shall study will be one or more of the following —

(1) Chemistry
(2) Physics
(3) Applications of Chemistry or Physics to Agriculture and to the various arts and industries likely to be of greatest benefit to the Mysore country such as dyeing, the extraction purification and testing of sandal and other indigenous oils; soap and candle making, glass making, paper making, match making, photo mechanical printing sugar refining, tanning, textile industries, Economics, banking & other commercial
(4) Medical research specially in hygiene and bacteriology
(5) Mechanical Engineering
(6) Mining and metallurgy, including electro metallurgy
(7) Electrical Engineering

Provided that at least one scholarship is reserved every year for any one or more of the subjects specified in sub-para (3) above

Provided that Government may in special cases, grant scholarships out of the fund for the encouragement of higher study in sciences other than those specified above and arts

X Each candidate selected, unless otherwise directed by Government shall within such period as may be fixed by Government proceed to England or elsewhere, and on arrival there present himself before Messrs Coutts & Co Strand, London or any other person or persons named by Government who will pay him the amount of the scholarship for the first quarter. He shall then without unnecessary delay proceed to and join the Institution selected or approved by Government for the purpose and there continue his study or research with all due diligence

XI The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research ~~as certified in a half-yearly report to be sent to Government by the Head of the Institution he attends~~ ~~The stipend of the scholarship for each subsequent quarter will be paid only on a bill countersigned by the Head of the Institution and a certificate that the student is in regular attendance at the Institution and that his conduct and progress are satisfactory.~~ and the schlp will be liable to be stopped on receipt of the Educl Adv to Govt of Mysore in England

XII The scholarship will be forfeited if the holder thereof not being disabled by illness or prevented by any other cause which the Government may consider sufficient fail to complete the course of study or research prescribed or is unfavorably reported on by the Head of the Institution. ~~No return pas-age will in such case be paid~~ or the Educl Adv in England to the case may be decided by Govt

In such cases the schp holder shall be liable to repay the whole or part of the money paid to him as may be

XIII A candidate elected shall, before proceeding to England or elsewhere enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules that he will prosecute the study or research with all due diligence and that on completion of such study or research course he shall return to Mysore and, shall, if called upon to do so serve the Mysore Government for a period of not less than five years If he fails to fulfil any of these conditions he shall return to the Government the total amount received by him for passage money and scholarship with such interest as may be demanded; not exceeding 6% per year on the amount granted to him from time to time

on a reasonable salary to be fixed at the sole discretion of Govt,

provided that the Govt may waive the claim of such claim if he shall not after his employment for six months after his return to Bangalore, & shall be bound to accept and allow him to employment elsewhere

XIV The date within which applications shall be submitted and the subject or subjects of study and research selected annually by Government shall be notified in the Mysore Government Gazette not less than ~~three~~ months previously

~~By Order,~~
~~C. S. Balasundaram Iyer,~~
~~*Officiating Secretary to Government General and Revenue Departments.*~~

Under — Graduate Schlps

XV Subject generally to the terms specified above one schp tenable in Japan at Rs 100 p m and one in America at Rs 50 p m will also be made available every year from the Dasara grant These schps will be called the Mysore Govt Damodardas Mulji graduate Technical Schlps

XVI The subjects of study shall be such handicraft or industries, as may, from time to time be notified by Govt whilst publishing the notice inviting applns for schps

XVII In the case of students going to Japan an outfit allce of Rs 15 will also be pay

a country where the spoken language is other
English is chosen for training, the candidates
erned must acquire some knowledge of the foreign
guage concerned during the period of probation

GENERAL

~~No. 7540—Edn. 800-09-1, dated 28th February 1910~~

The Government of His Highness the Maharaja of Mysore are pleased to sanction the following revised rules for regulating the grant of scholarships for Scientific Research and Technical Education from the Damodar Dass Charities Fund in supersession of the rules ~~issued under Government Notification No. 3139—Edn. 23-09-47, dated the 10th December 1907~~

Rules

I. With a view to encourage and promote Scientific Research and Technical Education among the people of Mysore His Highness the Maharaja of Mysore has been pleased to sanction the following scholarships which shall be paid from four fifths of the annual proceeds of the Damodar Dass Charities Fund

II. The scholarships will be known as the Mysore Government Damodar Dass Scientific Research and Technical Education Scholarships

III. There will be ordinarily two scholarships assigned annually, and each will be tenable for two years or such other period as may be fixed by the Mysore Government with reference to the subject of research or of education selected and the holder of the scholarship shall study in such University or College or Institution in England or elsewhere as shall be decided from time to time by the Mysore Government

IV. A candidate for one of the scholarships must not be over twenty five years of age. It will however be open to Government to relax the age limit in special cases such as in the case of candidates who have specially distinguished themselves in their University career and who show very special aptitude for the higher branches of scientific and technical study.

V. The scholarships shall be open to all natives of Mysore by birth or domicile, who have taken with credit a degree in Arts, Medicine or Engineering in an Indian or other recognised University and to persons who have graduated from a Mysore College, provided that when the Government consider it necessary in the interests of the public service they may also throw open the scholarships in any year to Graduates not falling within the description given above. In the case of Graduates in Arts their optional subject should have been Physic, Chemistry or Natural Science or other subject having an intimate connection with the course of advanced study proposed to be pursued.

VI. Each candidate must forward with his application—

(i) A satisfactory certificate of birth or domicile

(ii) A declaration that he has the consent of the head of his family to proceed to England or elsewhere for the purpose of this scholarship

(iii) Certificates of good character from two persons (not relations of the candidate) of respectability and good position in addition to the one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering

(iv) A certificate of physical fitness to undergo the course of study or research which he will have to follow in England or elsewhere signed by the Senior Surgeon of the Government of Mysore and a Medical Officer not below the rank of a District Civil Surgeon

(v) A statement of the course of study or research which he desires to pursue with testimonials as to his educational qualifications for such course.

VII. Applications shall be addressed to the Secretary to the Government of Mysore in the General and Revenue Departments and the selection of candidates will be made by the Government after the receipt of a report from a Committee appointed by the Government to report on the merits of the candidates.

(a) The candidates ~~may~~ shall be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test ~~or period of probation~~ which the Committee ~~may~~ shall prescribe. A suitable subsistence allowance will be granted during such period of probation as may be fixed by Government as may be necessary.

VIII. Each candidate selected will be given travelling allowance, 2nd class rail and steamer fares to England or elsewhere from Bangalore, and a similar allowance for travelling expenses back to Bangalore on the completion of his course of study or research. He will further be allowed during his stay in England or elsewhere outside India a sum of £200 per annum, payable ~~quarterly in advance~~ this allowance to be inclusive of College and Examination fees cost of books instruments and boarding charges. ~~If the institution selected by Government for the prosecution by the candidate of his study or research is in India, or Japan, the allowance will be Rs. 100 per mensem.~~

IX. The subjects which the scholarship holder shall study will be one or more of the following —

(1) Chemistry

(2) Physics

(3) Applications of Chemistry or Physics to Agriculture and to the various arts and industries likely to be of greatest benefit to the Mysore country such as dyeing the extraction purification and testing of sandal and other indigenous oils soap and candle making glass making paper making match making photo mechanical printing sugar refining, tanning textile industries, and commercial Subjects

(4) Medical research specially in hygiene and bacteriology

(5) Mechanical Engineering

(6) Mining and metallurgy, including electro metallurgy

(7) Electrical Engineering

Provided that at least one Schp is reserved every year for any one or more of the subjects specified in sub para (3) further Provided that the Government may in special case, grant scholarships out of the fund for the encouragement of higher study in sciences other than those specified above and arts

X. Each candidate selected, unless otherwise directed by Government shall within such period as may be fixed by Government proceed to England or elsewhere, and on arrival there present himself before Messrs Coutts & Co Strand London or any other person or persons named by Government, who will pay him the amount of the scholarship for the first quarter He shall then without unnecessary delay proceed to and join the Institution selected or approved by Government for the purpose and there continue his study or research with all due diligence

XI The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research as certified in a half yearly report to be sent to Government by the Head of the Institution he attends The stipend of the scholarship for each subsequent quarter will be paid only on a bill countersigned by the Head of the Institution and a certificate that the student is in regular attendance at the Institution and that his conduct and progress are satisfactory. and the Schp will be liable to be stopped on the receipt of the Govt Adv to the Indian Student in England

XII The scholarship will be forfeited if the holder thereof not being disabled by illness or prevented by any other cause which the Government may consider sufficient fail to complete the course of study or research prescribed or is unfavorably reported on by the Head of the Institution, or No return passage will in such case be paid by the Govt Adv in England as the case may be. and the funds already received shall be refunded

XIII. A candidate elected shall before proceeding to England or elsewhere, enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules that he will prosecute the study or research with all due diligence, and that on completion of such study or research course he shall return to Mysore, and shall, if called upon to do so, serve the Mysore Government for a period of not less than two years If he fails to fulfil any of these conditions he shall return to the Government the total amount received by him for passage money and scholarship with interest at 6% per year within three months of his return two years or the remuneration not exceeding value of the Schp itself

XIV. The date within which applications shall be submitted and the subject or subjects of study and research selected annually by Government shall be notified in the Mysore Government Gazette not less than three one months previously

By Order

C. S. BALASUNDARAM IYER

Officiating Secretary to Government General and Revenue Departments

Under-Graduate Schps

On the amounts granted to time to time

XV Subject generally to the terms of rules noted above one Schp tenable at an Japan & time to time at Rs 600 p. m. and one in India at Rs 75 p. m will also be made available every year from the Damodardas fund These Schps will be called the Mysore Govt Damodardas Under-Graduate Technical

XVI The subjects of study shall be such handicraft or industries as may, from time to time, be notified Govt by public notice

XVII In the case of students going to Japan an outfit allce of £15 - 10 - 0 may be given

Serial No

Foreign scholarships

FC Nos 732

The draft note placed above was made over to me by P D J- yesterday -

I am in hearty agreement with the scheme as it is advocated & we should support it vide para 106 of the Annual Report -

The real extra cost during budget year is Rs 26 s 25 only & if sale scholarships the Govt scholarships will in the first instance at any rate [illegible] & if seen in the way means provide alone will be necessary

As it is a windfall from a very natural source, I feel there is no financial objection - At for our budget can bear the extra charge -

[illegible]

Order

For some time past the Govt of His Highness the Maharaja of Mysore have had under their consideration the question of improving the system in vogue regarding the grant of scholarships tenable in foreign Countries so as to meet the requirements of the present time and also those of the immediate future The existing rules for the Damodar Doss Scientific Research and Technical Education Scholarships framed in 1906 provide for the grant of only 2 such scholarships every year from the Damodar Doss Fund And there ~~There~~ are no rules regulating the grant of foreign Scholarships from State Funds though such scholarships have been granted ~~from time to time~~ on the merits of individual applications ~~received~~ received from time to time by ~~Govt~~

2 In the opinion of Govt the number of foreign Scholarships ~~depated~~ year after year

may be ~~rendered more adequate~~ increased to suit the present needs of Mysore, the range of subjects for training enlarged so as to comprise industries more largely the method of selecting candidates improved in order to ensure the securing of the best talent in a given time, and a suitable provn made for facilitating deputation to countries where English is not the spoken language It is also necessary to devise a scheme for awarding scholarships to such undergraduates as ~~having~~ possess a special aptitude for handicrafts and industries ~~for~~ as ~~are deserving~~ desire to undergo training ~~in them~~ therein

With a view to secure these objects the Govt of His Highness the Maharaja of Mysore have subjected the Damodar Doss Scholarship rules to a thorough revision without however effecting any changes of an organic character and have also decided to institute some State and Loan Scholarships ~~to be awarded every year~~ subject to certain conditions ~~specified~~ under

4 The revised scheme for the Damoda Doss scholarships provides for the grant of 2 undergraduate Scholarships in addition to the 2 post graduate Scholarships already awarded under the ~~proceeds~~ said rules

5 The Scheme for the State Scholarships provides for the grant of 2 post graduate and 3 undergraduate Scholarships every year

6 Under the Scheme for Loan Scholarships 4 scholarships will be granted every year on loans carrying no interest and repayable in instalments after the return of the Scholarship holder to India

7 The detailed rules for the grant of the foreign Scholarships under the ~~these~~ three Schemes referred to are given in ~~appendices~~ annexures A, B & C respectively

8 The cost on account of the 13 scholarships ~~referred to~~, will amount to Rs 78,000 per annum as per details given in appendix D attached to these proceedings The cost of the

Damodar Doss Scholarships viz Rs 20 17-
per annum will be wholly met from the
annual interest realised from the
Damodar Doss Charity Fund invested
in the Govt of India Securities
the cost on account of the State and
Local Scholarships amounting to
Rs 57,825 per annum will be
provided in the State Fund Budget
from 1914-15 onwards the charge if
any required for these scholarships
during the current year will be met
from the lump sum ~~grant~~ provision of 5 lakhs
of rupees ~~included~~ made in the ~~State Fund~~ Current year's
Budget under 26 B Miscellaneous, ~~for meeting the cost of certain~~
~~schemes under the consideration of~~
~~Govt~~

Government of His Highness the Maharaja of Mysore

No 763-813 dated 22nd Oct 1914 Order
Ed 400-13-1

1 For sometime past the Government of His - - - Highness the Maharaja of Mysore have had under their consideration the question of improving the Scheme under which scholarships tenable in foreign countries are being granted so as to meet the requirements of the present time and of the immediate future The existing rules for the Damodar Doss Scientific Research and Technical Education scholarships framed in 1906 provide for the grant of only two such scholarships every year from the Damodar Doss Fund There are no rules regulating the grant of foreign scholarships from State Funds though several such scholarships have been granted on the merits of individual applications received from time to time

2 Taking a retrospect of what has been done till now to afford foreign training to the young men of Mysore, it is seen that, from 1891 up to the present, 24 persons have been given State scholarships and since the inception of the Damodar Doss Scholarship Scheme in 1904, 18 scholars have been trained

Analysing the figures it is found that 15 - - scholars proceeded to Europe and America for advanced study in medical and sanitary science, 6 in Geology, mining and metallurgy, 4 in Electrical and Mechanical Engineering and Architecture, 7 in Forestry and Agriculture, 2 to study the art of printing, and the rest other subjects

Of the scholars 20 are now in the service of the State, 10 are still in Europe, 4 died and full

particulars of 4 are not known One is serving outside Mysore and 3 are not in service

3 In the opinion of Government, the object of the scheme of foreign training in the present condition of the State should be to promote advanced scientific study, technical training and a spirit of research among the people , to train in European countries a number of young men who will follow industrial and commercial occupations which will conduce to the development of the country and also to secure for the service of the State in its several departments, young men trained in Western Universities and Colleges, imbued with the progressive spirit of the West and equipped with a first hand knowledge of modern methods To attain these objects it is necessary to increase the number of foreign scholarships, to enlarge the range of subjects for training so as to comprise industrial and commercial subjects more largely, to improve the method of selecting candidates in order to ensure the securing of the best talent in a given time, and to make a suitable provision for facilitating deputation to countries where English is not the spoken language

4 The Government of His Highness the Maharaja of Mysore have therefore decided to institute a certain number of State and Loan scholarships and have also slightly revised the Damodar Doss Scholarship rules

The detailed rules are printed as an annexture to this order

5 The cost on account of the scholarships will amount to Rs 1,12,000 per annum as per details given in Appendix B attached to these proceedings The cost of the Damodar Doss scholarships, viz,

viz , Rs 18,000 per annum will be wholly met from the annual interest realised from the Damodar Doss (Charity Fund invested in the Government of India Securities

The Loan scholarships will cost Rs 51,300 every year. which will be advanced by Government and will be finally recovered from the scholars

The State scholarships will involve an expenditure of Rs 42,600 per annum, provision for which will be made in the State Budget

Annexure

FOREIGN SCHOLARSHIP RULES

I With the object of promoting higher scientific study and research and technical education among the people of the State, in order to train in European countries young men who are desirous of following industrial and commercial occupations which will conduce to the development of the country and with a view to educating in European Universities and Colleges young men for recruitment to the Service of the State in the Revenue, Educational, Forest, Medical, Engineering, Geological and other departments, the Government of His Highness the Maharaja of Mysore have been pleased to institute the following scholarships

II The scholarships will be known as the Mysore Government Foreign Scholarships and will be granted from the following sources -

1 Two known as Damodar Das Scholarships from four-fifths of the annual proceeds of the Damodar Das charities' fund,

2. Four known as Mysore Government Scholarships from the General Revenues of the State,

3 Five known as Mysore Government Loan Scholarships from loans granted from the General Revenues of the State

III Eight of the scholarships will be given for study in the countries of Europe and America. The other 3 will be given for study in Europe and America or in Japan and other Eastern Countries, in the latter case 2 scholarships will be awarded in lieu of every one scholarship tenable in Europe and America

Of the 8 scholarships tenable in Europe and America, 4 will be given for postgraduate Scientific study and research and 4 will be given for technical, industrial or commercial training of a practical nature

The other 3 scholarships tenable in Europe and America or, in lieu thereof, 6 scholarships tenable in Eastern countries will ordinarily be given for practical training in technical, industrial, and commercial subjects, but may, in special cases, be given for post graduate study and research

IV The scholarships will be ordinarily tenable for 2 years, but Government will be prepared to extend the term by one year in the case of half the number of scholarships, where such extension is necessary

V Candidates for the scholarships must not ordinarily be over 25 years of age It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career and who show very marked aptitude for the higher branches of scientific and technical study, and in the case of candidates who have been engaged in Industries or Commerce and who desire to pursue industrial or commercial training in foreign countries

VI The scholarships will be open to all natives of Mysore by birth or domicile. Where well qualified candidates who are natives of Mysore are not available, the scholarships will be open to others who have graduated from a Mysore College The scholarships for postgraduate scientific study and research shall be awarded only to candidates who have taken with credit a degree in Arts, Medicine or Engineering in an Indian or other recognised University. The subject of advanced study proposed should have an intimate connection with the course of study the candidate has already pursued

In the case of scholarships for technical industrial or commercial training, applicants need not necessarily be graduates of a University, but a candidate will be expected to have received a sufficient general education to enable him to pursue his studies with advantage. Such candidates should have had practical ex-

perience of the Industries, etc., which they desire to study, or in the absence of such previous experience should be prepared to undergo such preliminary practical training as Government may prescribe

VII Each candidate must forward with his application

1 a satisfactory certificate of birth or domicile,

2 a declaration that he has the consent of the Head of his family to proceed to Europe or elsewhere for the purpose of the scholarship,

3. certificates of good character from two persons (not relatives of the candidate) of respectability and good position, in addition to one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering

4 a certificate of physical fitness to undergo the course of study, research or training which he will have to follo signed by the Senior Surgeon of the Government of Mysore or a Medical officer not below the rank of a District Surgeo

5 a statement of the course of study or research which he desires to pursue, with testimonials as to his educational and other qualifications for such cours

VIII (a) Applications for scholarships shall be mad to the Inspector General of Education in Mysore between the 1st June and the 31st July of each year The selection of

candidates will ordinarily be made by Government on the report of a Committee appointed to report on the merits of the candidate

(b) The candidates shall be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test which the Committee shall prescribe under the general or special orders of Government. In special cases the candidate may be required to undergo a period of probation and preliminary training in India During such period he shall receive such subsistence and tuition allowances as Government may prescribe

(c) Candidates for scholarships in Europe and America shall be expected to acquire a working knowledge of German or French and scholars going to the far East a knowledge of Japanese during the period of probation, if facilities for such study can be secured

IX The scholarships for study in Europe and America will be of the value of £200/- per annum and those for study in the East of the value of Rs 1,500/- or £100/- per annum

The scholarship will be paid in advance quarterly or in such other instalments as may be considered necessary by the Inspector General of Education. The scholarship will be held to cover all college and examination fees, cost of

books, instruments and boarding charges

An advance not exceeding £25/- in the case of scholars proceeding to Europe and America and not exceeding £15/- in the case of scholars proceeding to the East, will be given for expenses of outfit when the scholar leaves Bangalore, and this will be recovered out of the scholarship in easy instalments spread over the whole term of the scholarship.

Besides the scholarship, ~~each~~ each scholar will be given travelling allowance, 2nd class rail and steamer fares from Bangalore to the capital or other town of the country selected for his training and a similar allowance for ~~travelling~~ his journey ~~expenses~~ back to Bangalore on the completion of his course of study or research

Where any premium or other payment is required for securing admission to a factory or other place for practical training in industries or crafts, such charges will be paid if considered reasonable and provided that ~~that~~ the previous approval of Government has been taken in each case. In the case of loan scholarships the amount will be treated as an advance and will be recovered in the same way as the scholarship

X. The subjects which the scholar shall study will be one or more of the following,-

Physical Science
Natural Science
Applications of science to Agriculture, Arts, Industries and manufactures,
Research work in applied Science

5 ~~1~~ X. Medicine, Public health and Bacteriology
6 2. Engineering- Civil, Mechanical, Electrical
7 3 Metallurgy including Electro-metullurgy,
8 4. Public Administration, Economics, Statistics, Banking, Commerce, Accountancy, Business Administration and organisation etc

9. Arts, Industries, and processes of manufacture including Textile Industries, Tinctorial Chemistry, and dyeing, Leather Industries

Provided that Government may, in special cases, grant scholarships for the encouragement of higher study in Sciences, and Arts other than those specified above

XI Each candidate selected, unless otherwise directed by Government, shall proceed within such period as may be fixed by ~~Government~~ them, ~~proceed~~ to the country selected for his training, join the institution selected or approved by Government for the purpose and there continue his study or research with all due diligence

The Inspector General of Education will in consultation with the Comptroller, arrange for the payment to the scholar from time to time of the scholarship and of any other sums that may become payable

XII The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progres being made in his study or research

The scholars will be subject to the supervision of the Educational Adviser for Indian students in England or other person who may be approved by Government in each case

XIII. The scholarship will be forfeited if the holder thereof not being disabled by illness or prevented by any other cause which the Government may consider sufficient, fail to complete the course of study or research prescribed or

is unfavourably reported on by the Head of the Institution or the supervising authority referred to in Rule XII. In such cases, the scholar shall be liable to refund the whole or part of the money paid to him as may be decided by Government

XIV A scholar shall before leaving Bangalore enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules, that he will prosecute the study or research with all due diligence- and that on the completion of such study or research course, he will return to Mysore and will, if called upon to do so serve the Mysore Government for a period of not less than 5 years on a reasonable salary to be fixed at the sole discretion of Government, provided that Government may waive such a claim and if it shall not offer him employment within six months after his return to Bangalore, it shall be bound to waive it and allow him to get employment elsewhere.

If he fails to fulfil any of these conditions, he shall refund to Government the total amount received by him as scholarship, passage money, etc , with such interest as may be demanded not exceeding 5% per annum on the amounts paid to him from time to time

XV. In the case of loan scholarships, the scholar shall, in addition to the above stipulations before leaving Bangalore, enter into a bond with the Government giving satisfactory security for the repayment of the advances payable to him but

without interest

The loan shall become repayable without interest ordinarily in 5 and in any case not more than 10 yearly instalments after the completion of the training for which the loan was made, the further particulars of repayment being fixed by Government in each case according to circumstances

Proceedings of the Government of His Highness the Maharaja of Mysore

No 763 813—Edn 400 13 1 dated Bangalore 22nd October 1914

Order —For sometime past the Government of His Highness the Maharaja of Mysore have had under their consideration the question of improving the scheme under which scholarships tenable in foreign countries are being granted so as to meet the requirements of the present time and of the immediate future The existing rules for the Damodar Das Scientific Research and Technical Education Scholarships framed in 1906 provide for the grant of only two such scholarships every year from the Damodar Das Fund There are no rules regulating the grant of foreign scholarships from State funds though several such scholarships have been granted on the merits of individual applications received from time to time

2 Taking a retrospect of what has been done till now to afford foreign training to the young men of Mysore it is seen that from 1891 up to the present 24 persons have been given State scholarships and since the inception of the Damodar Das Scholarship Scheme in 1904 18 scholars have been trained

Analysing the figures it is found that 15 scholars proceeded to Europe and America for advanced study in Medical and Sanitary Science 6 in Geology Mining and Metallurgy 4 in Electrical and Mechanical Engineering and Architecture 7 in Forestry and Agriculture 2 to study the art of Printing and the rest other subjects

Of the scholars 20 are now in the service of the State 10 are still in Europe 4 died and full particulars of 4 are not known One is serving outside Mysore and 3 are not in service

3 In the opinion of Government the object of the scheme of foreign training in the present condition of the State should be to promote advanced scientific study technical training and a spirit of research among the people to train in European countries a number of young men who will follow industrial and commercial occupations which will conduce to the development of the country and also to secure for the service of the State in its several departments young men trained in western Universities and Colleges imbued with the progressive spirit of the West and equipped with a first hand knowledge of modern methods To attain these objects it is necessary to increase the number of foreign scholarships to enlarge the range of subjects for training so as to comprise industrial and commercial subjects more largely to improve the method of selecting candidates in order to ensure the securing of the best talent in a given time and to make a suitable provision for facilitating deputation to countries where English is not the spoken language

4 The Government of His Highness the Maharaja of Mysore have therefore decided to institute a certain number of State and Loan Scholarships and have also slightly revised the Damodar Das Scholarship Rules

The detailed rules are printed as an annexure to this order (Appendix A)

5 The cost on account of the scholarships will amount to Rs 1 12 000 per annum as per details given in Appendix B attached to these proceedings The cost of the Damodar Das Scholarships *viz* Rs 18 000 per annum will be wholly met from the annual interest realised from the Damodar Das Charity Fund invested in the Government of India Securities

The Loan Scholarships will cost Rs 51 300 every year which will be advanced by Government and will be finally recovered from the scholars

The State Scholarships will involve an expenditure of Rs 42 600 per annum, provision for which will be made in the State Budget

ANNEXURES

APPENDIX A

Foreign Scholarship Rules

I With the object of promoting higher scientific study and research and technical education among the people of the State in order to train in European countries young men who are desirous of following industrial and commercial occupations which will conduce to the development of the country and with a view to educating in European Universities and Colleges young men for recruitment to the service of the State in the Revenue Educational Forest Medical Engineering Geological and other departments the Government of His Highness the Maharaja of Mysore have been pleased to institute the following scholarships

II The scholarships will be known as the Mysore Government Foreign Scholarships and will be granted from the following sources —

1 *Two* known as Damodar Das Scholarships from four fifths of the annual proceeds of the Damodar Das Charities fund

2 *Four* known as Mysore Government Scholarships from the general revenues of the State

3 *Five* known as Mysore Government Loan Scholarships from loans granted from the general revenues of the State

III Eight of the scholarships will be given for study in the countries of Europe and America The other three will be given for study in Europe and America or in Japan and other eastern countries in the latter case two scholarships will be awarded in lieu of every one scholarship tenable in Europe and America

Of the eight scholarships tenable in Europe and America 4 will be given for post graduate scientific study and research and 4 will be given for technical industrial or commercial training of a practical nature

The other three scholarships tenable in Europe and America or in lieu thereof 6 scholarships tenable in eastern countries will ordinarily be given for practical training in technical industrial and commercial subjects but may in special cases be given for post graduate study and research

IV The scholarships will ordinarily be tenable for two years but Government will be prepared to extend the term by one year in the case of half the number of scholarships where such extension is necessary

V Candidates for the scholarships must not ordinarily be over 25 years of age It will however be open to Government to relax the age limit in special cases such as in the case of candidates who have specially distinguished themselves in their University career and who show very marked aptitude for the higher branches of scientific and technical study and in the case of candidates who have been engaged in industries or commerce and who desire to pursue industrial or commercial training in foreign countries

VI The scholarships will be open to all natives of Mysore by birth or domicile When well qualified candidates who are natives of Mysore are not available the scholarships will be open to others who have graduated from a Mysore college The scholarships for post graduate scientific study and research shall be awarded only to candidates who have taken with credit a degree in Arts Medicine or Engineering in an Indian or other recognised University The subject of advanced study proposed should have an intimate connection with the course of study the candidate has already pursued

In the case of scholarships for technical industrial or commercial training applicants need not necessarily be graduates of a University but a candidate will be expected to have received sufficient general education to enable him to pursue his studies with advantage Such candidates should have had practical experience of the industries etc which they desire to study or in the absence of such previous experience should be prepared to undergo such preliminary practical training as Government may prescribe

VII Each candidate must forward with his application —

1 A satisfactory certificate of birth or domicile

2 A declaration that he has the consent of the head of his family to proceed to Europe or elsewhere for the purpose of the scholarship

3 Certificates of good character from two persons (not relatives of the candidate) of respectability and good position in addition to one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering

4 A certificate of physical fitness to undergo the course of study research or training which he will have to follow signed by the Senior Surgeon of the Government of Mysore or a Medical Officer not below the rank of a District Surgeon

5 A statement of the course of study or research which he desires to pursue with testimonials as to his educational and other qualifications for such course

VIII (a) Applications for scholarships shall be made to the Inspector General of Education in Mysore between the 1st June and the 31st July of each year The selection of candidates will ordinarily be made by Government on the report of a Committee appointed to report on the merits of the candidate

(*b*) The candidates shall be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test which the Committee shall prescribe under the general or special orders of Government In special cases the candidate may be required to undergo a period of probation and preliminary training in India During such period he shall receive such subsistence and tuition allowances as Government may prescribe

(*c*) Candidates for scholarships in Europe and America shall be expected to acquire a working knowledge of German or French and scholars going to the far East a knowledge of Japanese during the period of probation if facilities for such study can be secured

IX The scholarships for study in Europe and America will be of the value of £200 per annum and those for study in the East of the value of Rs 1 500 or £100 per annum

The scholarship will be paid in advance quarterly or in such other instalments as may be considered necessary by the Inspector General of Education The scholarship will be held to cover all college and examination fees cost of books instruments and boarding charges

An advance not exceeding £20 in the case of scholars proceeding to Europe and America and not exceeding £15 in the case of scholars proceeding to the East will be given for expenses of outfit when the scholar leaves Bangalore and this will be recovered out of the scholarship in easy instalments spread over the whole term of the scholarship

Besides the scholarship each scholar will be given travelling allowance *i e* 2nd class rail and steamer fares from Bangalore to the capital or other town of the country selected for his training and a similar allowance for his journey back to Bangalore on the completion of his course of study or research

Where any premium or other payment is required for securing admission to a factory or other place for practical training in industries or crafts such charges will be paid if considered reasonable and provided that the previous approval of Government has been taken in each case In the case of loan scholarships the amount will be treated as an advance and will be recovered in the same way as the scholarship

X The subjects which the scholar shall study will be one or more of the following —

1 Physical Science
2 Natural Science
3 Application of Science to Agriculture Arts Industries and Manufactures
4 Research work in applied Science
5 Medicine Public Health and Bacteriology
6 Engineering—Civil Mechanical Electrical
7 Metallurgy including electro metallurgy
8 Public Administration Economics Statistics Banking Commerce Accountancy Business Administration and Organisation etc
9 Arts Industries and processes of manufacture including Textile Industries Tinctorial Chemistry and Dyeing Leather Industries

Provided that Government may in special cases grant scholarships for the encouragement of higher study in Sciences and Arts other than those specified above

XI Each candidate selected shall unless otherwise directed by Government proceed within such period as may be fixed by them to the country selected for his training join the institution selected or approved by Government for the purpose and there continue his study or research with all due diligence

The Inspector General of Education will in consultation with the Comptroller arrange for the payment to the scholar from time to time of the scholarship and of any other sums that may become payable

XII The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research

The scholars will be subject to the supervision of the Educational Adviser for Indian students in England or other person who may be approved by Government in each case

XIII The scholarship will be forfeited if the holder thereof not being disabled by ill ness or prevented by any other cause which the Government may consider sufficient fail to complete the course of study or research prescribed or is unfavourably reported on by the Head of the Institution or the supervising authority referred to in Rule XII In such cases the scholar shall be liable to refund the whole or part of the money paid to him as may be decided by Government

XIV A scholar shall before leaving Bangalore enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules that he will prosecute the study or research with all due diligence and that on the completion of such study or research course he will return to Mysore and will if called upon to do so serve the Mysore Government for a period of not less than five years on a reasonable salary to be fixed at the sole discretion of Government provided that Govern ment may waive such a claim and also that if it shall not offer him employment within six months after his return to Bangalore it shall be bound to waive it and allow him to get em ployment elsewhere

If he fails to fulfil any of these conditions he shall refund to Government the total amount received by him as scholarship passage money etc with such interest as may be demanded not exceeding five per cent per annum on the amounts paid to him from time to time

XV In the case of loan scholar hips the scholar shall in addition to the above stipu lations before leaving Bangalore enter into a bond with the Government giving satisfactory security for the repayment of the advances payable to him but without interest

The loan shall become repayable without interest ordinarily in 5 and in any case not more than 10 yearly instalments after the completion of the training for which the loan was made, the further particulars of repayment being fixed by Government in each case accord ing to circumstances
